# ENTIRE FAMILY BITTEN BY MAD DOG IN SOUTH MEXIA

## ALL LEAVE FOR AUSTIN FOR TREATMENT

Dave Floyd, 210 Smith street, his wife, nine year old daughter, Juanita and nine months old baby were bitten by a mad dog Saturday and Sunday.

Saturday afternoon neighbors complained to Mrs. Floyd that their dog had been killing chickens, and in an attempt to lock up the dog it bit her on the arm. Sunday afternoon while taking the dog out Mr. Floyd and small daughter were also bitten. The dog was carried to the Read and Coles teeming camp where it bit F. T. Homes a teamster, making a total of five persons.

The dogs head was sent to Austin Monday and the news was received here Tuesday afternoon that the dog had rabies. All five persons left for Austin Tuesday night for treatment. Several other dogs in the neighborhood have been bitten and a good many have been killed to prevent further trouble.

CHATTANOOGA, Tenn., July 2.—The special general conference of the Methodist Episcopal Church South convened here today to decide the question of unifying with the northern branch.

As delegates gathered for the opening session rumors spread that a federal court injunction would be asked to prevent the meeting. Such a move would indefinitely delay action on the reuniting of the church.

The northern branch already has ratified the merger.

## WHAT ADAIR THINKS OF THE OUTLOOK THIS MORNING

By A. GARLAND ADAIR
(Staff Correspondent Daily News)

MADISON SQUARE GARDEN, New York, July 2.—With votes gradually slipping from McAdoo and the Smith lines remaining intact the deadlock that was expected is a reality as balloting gets under way today.

Davis was stopped in his advance by the voting Tuesday night and is not considered so formidable as the new day beings.

Texans are still confident that McAdoo will win. This, too, seems to be the conviction of faith rather than an expression of hope, and is concurred in by many others.

Today will likely witness the breaking up of the deadlock, leading to a choice, or the battle lines between Smith and McAdoo will be drawn tightly and the farriors will settle down for a fight for the rest of the week.

Smith does not have enough votes to prevent a nomination. McAdoo has.

McAdoo could be nominated without a Smith vote as the matter stands this morning.

Underwood is expected to get a try out soon, followed by other dark horses making trials for strength. The one that wins will have to beat McAdoo, as he is the only candidate in control of the convention. Yet his nomination can't be [illegible].

Ralston, classed with McAdoo as not unfriendly to the Klan, will not likely get any Smith, Cox or Underwood votes.

Delegates here are just as much in the air as are the folks back home.

## THIRD DAY OF BALLOTING IS NOW ON

MADISON SQUARE GARDEN, New York, July 2.—Balloting was resumed this morning.

31st Ballot—
Smith 322½
McAdoo 415½
J. W. Davis 127½

32nd Ballot—
Smith 322
McAdoo 415½
J. W. Davis 128

33rd Ballot—
Smith 310½
McAdoo 404½
Davis 121

34th Ballot—
Smith 311
McAdoo 445
Davis 105

On this ballot Mississippi cast her 20 votes for McAdoo as did Oklahoma. This was the signal for a demonstration by the McAdoo forces. Indications are that McAdoo is making strenuous efforts to win the nomination as tonight is scheduled to be the last session.

McAdoo moved his headquarters down to the hotel just across the street from the Garden, and is directing the fight almost on the front door steps. It is understood that Mississippi will stand by him for five ballots. After that they will be free to go elsewhere.

Smith forces declare that this return of McAdoo strength is still 34 short of his original strength.

35th Ballot—
Smith 323½
McAdoo 429½
Davis 107

36th Ballot—
Smith 323
McAdoo 429

## LADY GETS HALF VOTE; LAUGHS ABOUT IT

By DOROTHY SHUMATE
(United Press Convention Correspondent)

MADISON SQUARE GARDEN, NEW YORK, July 2.—"If I were president I'd do two things—I'd enter the league of nations and I'd lower the tariff to help the farmers."

This is the platform which polled one half vote for the nomination of president of the United States. But it's one half vote more than was ever received by any other woman and Pennsylvania women are proud that was given to Mrs. Carroll Milter of Pittsburgh.

This came as a reward to Mrs. Milter for her efforts to leect Al Smith and while she laughingly said that she wasn't yet making preparation to enter the white house she did get a kick out of her one half vote for Mrs. President. And with her half vote registered Mrs. Milter announced today that she will "sit" till kingdom come voting for Al.

Tammany elected Mrs. Milter to make the woman's speech on behalf of Smith's nomination. It was she who first brought the religious issue into the limelight and urged the women not to be swayed by it.

During the Klan fight on Saturday night it was Mrs. Milter who again mounted the platform to remind the convention that "there was no Jew or Gentile, no black or white, no Catholic or Protestant, when the boys in khaki perished on the battlefields of France," Therefore Mrs. Milter added this country should not tolerate any organization which creates religious or racial barriers between its citizens.

While Mrs. Miller isn't too proud of her recent mention for the presidency, yet—"It's a nice little message to take back home," to the folks who are waiting—in Pittsburgh, she said.

Following her mention for president, Mrs. Miller appeared on the platform, this time to serve as assistant secretary in the reading of the roll call of the states. She's a small, motherly looking woman with a voice with a kick in it. Everybody in the galleries can hear when she makes a speech from the platform.

## OLD TIMERS SAY IS STRONGER NOW THAN EVER

By FRAZER EDWARDS
(United Press Staff Correspondent)

MADISON SQUARE GARDEN, New York, July 2.—No democratic national convention would be complete without numerous delegates of the old school remarking:

"Well, we may have to turn to Bryan again after all."

And this being a typical democratic convention, Bryan talk is to be heard in spots. Meantime both W. J. Bryan and his brother, Goernor Charles, of Nebraska are actively working on the floor, and some of the commorer's old friends are saying that the situation in the country is more favorable for the election of Bryan than at anytime since 1896.

At that time Bryan was 36 years old. Now he is 64. The Bryan of today is a little thinner, a little more bald and a little grayer than the last time he headed the democratic ticket in 1908, but he is still robust and still full of fight.

Bryan denies that he is a candidate, but there are a number of his old wheel horses who still believe he is the best choice the party could make regardless of who may be nominated.

In his work on the convention floor, Bryan has been especially opposed to the nomination of John W. Davis. He has held up Senator La Follette as an independent candidate as more of a menace to the democratic party than the republican. As always Bryan is turning his face to the progressive west for democratic success in November.

If John W. Davis fails to muster the votes to nominate it is generally conceded that Bryan will be the most potent factor in his defeat. He concedes Mr. Davis the right as a lawyer to take big business clients but he does not believe that a man representing such clients should become president.

"The presidency," he said, "is the highest office with in the gift of the people and ought to go as a reward to one who by his words and deeds has shown himself to be not only with the people in his opinions but willing to champion their cause."

## Obregon Tells Why Of The Suspension

NEW YORK, July 2.—Citing seventeen reasons in explanation for the default, President Obregon of Mexico has announced the temporary suspension of Mexico's debt agreement with the international committee of bankers in a cable to his financial agent here.

Placing most of the blame on his former finance minister, Adeolf De La Huerta, for misrepresentation in arranging the loan, Obregon goes into lengthy detail for the government's reason in failing to pay on June 30 the interest due on its recognized debt of $700,000,000.

The decree said a great number of both civil and government officials and employes had not been paid for several months in an effort to make good the interest due, but gave assurance the government expected to be able to pay up all the accumulative interest due the bankers by the end of this year.

# Harding Tribute On Oregon Trail

(By International News Service)

WALLA, WALLA, Wash., July 1.—Plans for the erection of what will probably prove one of the most imposing memorials to be dedicated to the memory of the late President Warren G. Harding have taken a big stride forward with the announcement that a meeting will be held in Milton, Ore., on or about August 1 to carry the work forward and provide a financing plan.

The plan calls for the erection on the top of the Blue Mountains, near Pendleton, Oregon, of a vista house to be surrounded by a park, which will provide a resting place for tourists along the Oregon Trail, as well as a shrine for patriotic Americans. It is proposed that at least a section of land be secured, a portion of which shall be timbered. A golf course is part of the undertaking, with the tourist part of the park fully equipped with every convenience.

The Oregon Trail is one of the scenic trails of the West. Its course through the Blue Mountains is especially attractive, and the erection of such a memorial and the creation of the park would undoubtedly draw many hundreds of tourists annually. Such a park could be made a mecca for a stay of a week or more, with side trips to many spots of unusual interest.

President Harding delivered one of the most inspiring addresses of his all too brief term at Meacham. At the time of his visit he was strongly impressed with the beauties of the region and declared that such and equally beautiful scenery could be viewed by every lover of nature in America.

The movement for the erection of the memorial here to U. S. Alexander Sandy Wilson, staunch Democrat of Southern extraction who was prominent in the Northwest for the rehabilitation of the Old Oregon Trail, its sponsors are men and women of every political faith. It is a non-partisan movement, a tribute on the part of patriotic Americans to a great American.

Governor Ben W. Olcott of Oregon, Governor Lew L. Phipps of Washington, Governor Charles C. Moore of Idaho, and Governor Oscar Eberhart of Montana have all been invited. The governors of Oregon and Washington have accepted, and all but definite confirmation of the personal appearance of the governors of Idaho and Montana are expected.

Ben Maxwell, State Treasurer of Oregon, has offered a financing plan that is receiving general approval. Under it, bonds in denominations of one gold dollar in such amount that, when sold, will provide the construction of the memorial, and the maintenance of the park, are to be issued.

**Typically French in Its Chic**

Paris does some of her loveliest things for the benefit of the sportswoman featuring unusual—sometimes startling—combinations of black and white.

Either flannel or jersey may be used for this suit which has a hip length blouse with a cape-collar and a gathered skirt which may or may not be attached to an underbody. The blouse and skirt are both trimmed with bands of black and white braid, while the collar is held in place with a bow of ribbon and fancy metal buttons.

The diagram shows the proper way to set in the sleeve, which may be either long or short. Nearly all street models, especially those serving the dual purpose of sports and general wear, feature long sleeves. First stitch the shoulder seams and press them open carefully. The edges may be bound in any way preferred. It is also well to finish the underarm seams too. The top of the sleeves must be even with the shoulder seam while the seam of the sleeve is matched with the underarm seam of the waist.

See that the notches are evenly matched then if there is too much fulness to be eased in without gathering take a line of gathers into the sleeve and in this way gradually distribute the fulness as evenly as possible. Hold the sleeve toward you when sewing it into the armhole. Tailors tacks may also be used to indicate the seam line and the edges of the armhole and the sleeve should be pinned together while the seam is being bound.

Carried out in plain linen trimmed with check chambray linen or other wash material, this dress would make a snappy addition to the vacation wardrobe.

# Cell Urged As Penalty For Divorce Blame

**Send Guilty One to Prison For Five Years, Advises Syracuse Pastor.**

By CHESTER B. BAHN
International News Service Staff Corespondent.

SYRACUSE, N. Y., July 2.—A five-year term in State prison for the guilty person in every divorce suit.

That's the sure cure for divorce advocated by the Rev. James B. Knappenberger, pastor Wesleyan Methodist Church.

Dr. Knappenberger is not opposed to divorce itself.

The decree should be granted where there is cause, he holds, with the guilty one going to prison and the innocent one set free.

"A law without an accompanying penalty is nothing more than advice," said Dr. Knappenberger today. "That is what our present divorce law is—advice to two people who are at odds with each other. What's the result? The guilty party pays a few dollars in alimony and looks about for another partner.

**Once Death Penalty.**

"In ancient times the one who failed to keep his or her marriage vows was put to death. I am hardly in favor of such a punishment in this age, but a five-year stay in jail is none too harsh; not a bit. That would check the disgraceful increase in American divorces."

Dr. Knappenberger's stand on divorce results from the fact that divorces are on the increase in Onondaga County, according to figures made by Mrs. Emma K. Callanen, statistician in the County Clerk's office.

Mrs. Callanen's figures show that more divorces are granted in this county than separations or annulments. This is contrary to beliefs of the average person who thinks that the latter decrees are much more numerous than absolute separation of husband and wife.

**Woman Disagrees.**

Mrs. Lieber Whittie widely-known clubwoman and leader of the National Women's Party in Onondaga County, opposes the Knappenberger plan.

"If you can't have a happy home, wreck it at once before any children are born," said Mrs. Whittie today. "The increase in divorce is nothing to be alarmed about. It is simply natural and lawfully regulated rearrangement of men and women who have been mismated.

"Why force a man and woman to live together in unhappiness and perhaps even hatred? To do so is inhuman and criminal. Offspring from such a union will never develop into superior types. They are bound to be subnormal and unfit to take their place in life."

Mrs. Whittie looks upon modern marriage laws as subjective bonds for the fair sex. Present marital codes have descended from Saint Paul, she says, who compiled them for the church, which in turn bequeathed them to Europe, England and, finally, America.

In Mrs. Whittie's opinion Saint Paul placed rather a restraining hand upon women who meekly submitted to his regulations all down through the ages.

## SUNDAY FUNERALS TO BE BANNED IN ELYRIA, OHIO

(By International News Service)

ELYRIA, Ohio, July 2.—Sunday funerals in Elyria have been placed under a ban by the city service director at the request of caretakers of local cemeteries who pleaded "after working all week we are entitled to a day off."

The clergy here also is said to have spoken favorably of the "funeral-less Sunday" plan "because Sunday is an especially busy day for the calling."

Exceptions to the edict are made only in the case of death resulting from a contagious disease.

## PROPOSED AMENDMENT TO CONSTITUTION

**RELATING TO GRANTING OF CONFEDERATE PENSIONS.**

Senate Joint Resolution No. 10:

Proposing an amendment to Section 51 of Article 3 of the Constitution of the State of Texas to provide that the Legislature may grant pensions to Confederate soldiers, sailors and their widows, who have been citizens of Texas since prior to January 1, 1910, providing that all soldiers, sailors and their widows eligible under the provisions hereof shall be entitled to be placed upon the rolls and participate in the pension fund created hereunder; levying a tax of seven ($.7) cents on the one hundred ($100.00) dollars valuation of property in this State for the payment of such pension, providing that the Legislature may reduce the rate of pension for such purposes, fixing a time for the election to be held on such amendment and making an appropriation to pay the expenses thereof.

Be it resolved by the Legislature of the State of Texas:

Section 1. Section 51 of Article 3 of the Constitution of the State of Texas shall be amended so as to hereafter read as follows:

Section 51. The Legislature shall have no power to make any grant or authorize the making of any grant of public money to any individual, association of individuals, municipal or other corporations whatsoever, provided, however, the Legislature may grant aid to indigent or disabled Confederate soldiers and sailors, who came to Texas prior to January 1, 1910, and to their widows, in indigent circumstances and who have been bona fide residents of this State since January 1, 1910, and who were married to such soldiers or sailors prior to January 1, 1910, and to indigent and disabled soldiers who under the special laws of the State of Texas during the war between the States served in organizations for the protection of the frontier against Indian raiders or Mexican marauders and to indigent and disabled soldiers of the militia of the State of Texas who were in active service during the war between the States and to the widows of such soldiers who are in indigent circumstances and who were married to such soldier prior to January 1, 1910, provided that the word "widow" in the preceding lines of this Section shall not apply to women born since the year 1861, and all soldiers and sailors and widows of soldiers and sailors eligible under the above conditions shall be entitled to be placed upon the pension rolls and participate in the distribution of the pension fund of this State under any existing law or laws hereafter passed by the Legislature, and also to grant aid for the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the Confederacy under such regulations and limitations as may be provided by law, provided the Legislature may provide for husband and wife to remain together, in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas a State ad valorem tax on property of seven ($.7) cents on the one hundred ($100) dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations, and for the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; providing that the Legislature may reduce the tax rate herein levied, and provided further that the provisions of this Section shall not be construed so as to prevent the grant of aid in cases of public calamity.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at an election to be held on the first Tuesday after the first Monday in November, 1924, at which all voters shall have printed or written on their ballots: "For amendment of Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers, sailors and their widows who have been a resident of this State since January 1, 1910." and "Against amendment to Section 51 of Article 3, of the Constitution, authorizing the Legislature to grant aid to Confederate soldiers and their widows."

Sec. 3. The Governor is hereby directed to issue the proclamation for said election and have the same published as required by the Constitution and laws of this State, and the sum of five thousand ($5,000.00) dollars or so much thereof as may be necessary is hereby appropriated out of the general funds of this State not otherwise appropriated for expenses of publications and elections thereunder.

Approved, March 20, 1923.

**THERE'S ART IN BOBBING**

It's no longer a question of snip, snip and it's off.

Particular women now demand that the hair which remains form a becoming frame for the face and gracefully outlined head.

That's where "art" comes in, for there are as many styles of bobs as there are bobbed haired girls and women. Each one is an individual problem of chin, eyes, nose and mouth.

Then there's the fashionable element — the smart touch which has always associated Paris with women's coiffures——

And the necessity of keeping the hair glossy, fluffy and clean.

All that fastidious women desire will be accomplished by a weekly visit and a small sum well spent at

## "For Mexia, I WILL"

Ascribe ye greatness unto our God. He is the Rock, his work is perfect: for all his ways are judgment: a God of truth and without iniquity, just and right is he.—Deuteronomy 32: 3-4.

A bill to make mandatory the establishment of kindergartens as a part of the public-school system in all districts of the first class in Oregon is to be placed before the Legislature at its next session by the state Parent-Teacher Association. A similar law now exists w hich is applicable to Multnomah county alone.

Hibbing, Minn., a village in the iron ore district of Minnesota, which 30 years ago had but a single teacher, has just put into use a $4,000,000 high school adequate for 3000 high school and junior college students. Though the village has a population of only 16,000 and the school district 22,000, its eagerness for education is typified in one of the finest school buildings in the United States.

The Railroad Commission of Texas has very vital regulatory power affecting property in our State valued at nearly a billion and a half dollars, including the railroads, express companies, pipe lines and oil and gas properties. The duties of the Commission are today more varied and of more importance than ever before in its history. Clarence E. Gilmore, chairman and senior member of the Commission and who is a candidate for a second term, has given intensive study to all these problems. He has devoted every moment of his time to the discharge of his official duties with fairness and impartiality to all. He has neither played politics nor sought to use his position for political purposes. A man with this vision of the public service should be retained at this important post by an appreciative public on July 26th.

### DAWES "HELL AN' MARIA" REALLY IS "HELEN-MARIA"

**Supposedly "Bad Words" Really Derived From Contraction of Two Sisters' Names**

(By International News Service)

NEW YORK, July 1.—"Hell an' Maria," heralded by the press as the picturesque invention of Charles E. Dawes, Republican candidate for the Vice-Presidency, turns out not to be a cuss word after all.

It is nothing more devilish, it is learned, than an innocent, abbreviated contraction of the names of two charming sisters, the former Misses Helen and Maria Buell, who were classmates of Mrs. Dawes back in Marietta College, Ohio, when the General was a freshman there. All the students swore by them—without being profane.

"We at last have the truth about Charlie Dawes' famous phrase and have cornered the culprit," said Mrs. Maria Buell, now Mrs. Donald P. Hart, of New York.

"The phrase isn't 'cussing,' and never was. It is nothing more than a [illegible] now some of our best citizens of today, and is not intended to be profane. General Dawes fell into the habit of using it back in the days when he was a freshman at Marietta College. I have heard him use it thousands of times while he was a student, and he was not the only one.

"You see," Mrs. Hart continued, "Helen, now Mrs. Karl Anderson, of Westport, and I lived on the campus at Marietta, and — say this with all modesty—we were quite popular with the college boys at the time. We knew all of the Dawes boys well—had been playmates with them from childhood. The phrase 'Hell an' Maria' was undoubtedly derived from a combination of our names, Mrs.Anderson furnished the 'Hell' part of it and I the Maria.

"After his testimony before the investigating commission in Washington, Charlie Dawes visited us here and explained why he used some strong language on that occasion. He said that he merely wanted to wake the country up to the seriousness of the situation and the folly of the proceedings. He thought the best way to do that was the picturesque manner which he adopted."

Mrs. Anderson, "the hell part of it" in her sister's words, who was with Mrs. Hart during the interview, smilingly endorsed everything her sister said. A third sister, Mrs. Creelman, widow of the author and war correspondent, James Creelman, also seemed to relish the "Hell an' Maria" joke.

### LLOYD GEORGE FORSEES BIG SPIRITUAL REVIVAL

(By International News Service)

LONDON, July 2.—David Lloyd George believes that the world is on the eve of a great spiritual revival.

The ex-Premier gave this opinion when addressing a meeting of young Wesleyan ministers at Calver, in Derbyshire.

"I have been in the conflict of politics all my life," said Lloyd George. "I have been in war conflicts. I have led the life of a combatant.

"Yours is the work of the teacher and the healer, and you are beginning your career at a time when the world needs healing, when it is more perplexed than ever. Your task of leading the bruised world on the right road comes after the idealism of the war has passed—for there was an idealism of the war.

"There has been a materialistic hardening, but that will pass away."

**TEXAS Is Particular**

Every day finds more families in Texas enjoying perfectly baked pies, cakes, biscuits, muffins, etc., because the housewives are particular about the baking powder they use, and they always insist upon having

**CALUMET**
THE WORLD'S GREATEST
**BAKING POWDER**

There isn't an ingredient used in baking that is as vital to success as baking powder. Remember, one spoonful of an inferior leavener can ruin a dollar's worth of other ingredients.

You save when you buy Calumet because the pound can contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans.

You save when you use it because it goes farther than many other brands—lasts longer—makes more and better bakings.

Don't risk ruining your bakings all because of a change of baking powder.

## SPORT LIGHTS

By LES CONKLIN
International News Service Staff Correspondent.

Political parties have finished framing platforms, but sporting public was sadly neglected. For instance, no provision was made for repeal of amusement taxes on hot dogs and ice cream cones sold at baseball parks and fight arenas.

Baseball and boxing fans will rise on hind feet and demand insertion of planks providing for double-headers on Sundays or holidays, rain checks for eightinings and tie games, and expulsion of ladies wearing hatpins from prize fights.

Demands for boxing reform will embrace rules prohibiting smoking of nickel stogies in crowded ampitheatres, installation of private cuspidores for cut plug devotees and capital punishment for gents who block view of ring by wearing high hats.

Foreign boxers imported here for purpose of profit at expense of gullible public will be required to show good cause why they should not be put to work digging ditches. Public is weary of distinguished Europeans who come here with nothing but a pair of dilapidated boxing gloves and fabricated reputation.

Another plank would compel champions to keep in fighting trim between bouts. Rules would prescribe daily sparring for all fighters except those who are married.

Needed baseball reforms include awnings and sofa pillows for bleacherites, score cards that can be used for a whole series, and pop bottles equipped with shock absorbers.

Prominent place in platform would urge creation of slush fund, to buy roller skates for Uncle Wilbert Robinson, suits of armor for umpires officiating in St. Louis, and nine new ball players for Connie Mack.

Mrs. Dick Wagner Motored to Corsicana Thursday to visit her mother.

### MATCHING THE SCOREBOARD

Yesterday's hero—Friberg whose home run in the fourth with two men on enabled the Cubs to beat the Reds 4 to 3.

The Yankees had an easy time with the Athletics. The final score was 7 to 0.

Cleveland climbed into fourth place by taking a doubleheader from the Browns 6-4, 8-2.

Five runs in the first inning proved too big a handicap for the Braves and the Phillies won 9 to 6.

The Senators took both ends of a doubleheader from the Boston Red Sox 2 to 1 and 5 to 0.

With Rogers Hornsby making his ninth home run the Cards made it two straight over the Pittsburgh Pirates winning easily 5 to 2.

The Detroit Tigers went on a batting rampage and pounded out a 13 to 3 victory over the Chicago White Sox.

The New York Giants blanked the Robins 6 to 0 with Jack Bentley, Giant hurler, allowing only five hits.

**With Ruth at Bat.**

First time up—Singled to right.
Second time up—Grounded out.
Third time up—Singled to left.
Fourth time up—Flied to center.
Fifth time up—Hit his 20th homer into leftfield bleachers.

### FIGHTS AND FIGHTERS

NEW YORK.—Sid Terris won a fast 10 round bout from Paul Fritsch, the French lightweight at Henderson Bowl in Brooklyn.

CHICAGO.—E. W. Dickerson who refereed the Carpentier-Gibbons fight, will referee the Stribling-Greb 10 round fight at Michigan City July 4.

Miss Clara Becker, the charming daughter of Mr. and Mrs. W. E. Becker of Houston is visiting friends in this city. Miss Becker who once lived in this city always brings a ray of sunshine with the lovely and elegant disposition she posseses.

Mrs. E. P. Moore and Cecil Crow of Waco are spending this week-end with Mr. and Mrs. E. L. Crow.

Section 4. That the manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the law hereinabove referred to.

Section 5. All voters desiring to adopt a charter so prepared and reported by the Charter Commission shall have printed on their ballot the following:

OFFICIAL BALLOT

"For the adoption of the Charter prepared by the Charter Commission duly elected on the 18th day of March, 1924, and which was reported by said Charter Commission to the City Commission of the City of Mexia on the 27th day of May, 1924."

And those opposed shall have on their ballots the following:

"Against the adoption of the Charter prepared by the Charter Commission duly elected on the 18th day of March, 1924, and which was reported by said Charter Commission to the City Commission of the City of Mexia on the 27th day of May, 1924."

Section 8. The fact that the City of Mexia is at the present time without a charter and that the public intrests require the adoption of a charter, creates an emergency and an imperative public necessity for the suspension of the rules requiring ordinances to be read upon more than one day and for the immediate taking effect of this ordinance, and such rules are hereby suspended, and it is ordained that this ordinance shall take effect immediately upon its passage and approval.

Passed and approved this the 27th day of May, 1924.

### RADIO CRAMPS GESTURES

(By International News Service)

NEW YORK, July 2.—Keynoters and nominators used to add cubits to the stature of their work by waving arms and pacing up and down the platforms. The radio has ended this forever. Not only are they walking and the waving without effect upon the bigger audience outside the convention hall, but they definitely interfere with the impression.

No sooner does a speaker start to walk dramatically across the rostrum than a representative of a radio station taps him on the shoulder and brings him back to the front of the receiving machine.

# A CHILI STAND MIGHT DO A GOOD BIZ

MADISON SQUARE GARDEN, NEW YORK, July 2—If the deadlock isn't broken today, there's going to be a bread line around the Garden soon.

Delegates who came here ten days ago to dine in state are now taking their meals in one arm establishments, the restaurant next door. Their money is low and many are returning home.

Even political moguls who dictate minds of the delegates have no control over their stomachs and regard this new trend as more important than any other in the big deals on as to who is to be the next democratic presidential nominee.

The exodus of votes was started last night when nearly fifty are reported to have departed to their homes with their pockets empty after a sally into the absorbing gaudy of New York.

The movement has reached such seriousness the higher class of hotels are being vacated. Some of the delegates are moving to cheaper places, but others have nothing left but entrance home.

This is especially true of the western delegates who have been considered strong McAdoo voters. His managers allege he was forced to withdraw by issuance of a statement denying that the movement would result in a boom for the leading candidate. Most of the South's votes come from nearby states.

If he fails to raise the money the Italian Government will take the planes and make the flight under the Italian flag. ## Charge French Champ Having "Cold Feet"

By HENRY L. FARRELL
(United Press Staff Correspondent)

WIMBLEDON, England, July 2—Once more that stormy petrel of the courts, the peerless woman champion of France has created international consternation and indignation by retiring in the face of probable defeat at British and American tennis fans writhed with impotent anger today over the action of Suzanne Lenglen in abandoning the all-comers championships at Wimbledon.

Suzanne's family announced this morning that her doctor had ordered her to bed for a couple of weeks. But British and Americans are outspoken in declaring the French girl had "cold feet." They are arguing among themselves as to whether it was Miss Helen Wills or Miss McKane that was feared so much by Lenglen.

Miss McKane, who was to have played the French champion in the semi-finals, advanced to the final brackets by default and will meet the winner of the matches between Miss Wills and Miss Satterwhite scheduled for today.

## PATRIOTISM YELLING AS SOLDIERS GO BY— A BOY'S DEFINITION

Are we teaching our children to be patriotic?

The question isasekd in an article in the July issue of McClure's Magazine, which effectively proves that children sing patriotic songs and repeat patriotic phrases utterly without knowing what they are saying:

Witness, the article says, the definitions of patriotism, asked of a class of 10-year-old boys and girls in a public school.

"Putting flags on your house when somebody dies," said one.

Andy, a typical American boy, gets up to recite a verse from Drake's address to the American Flag. Apparently he recited as follows:

"Forever float that standard sheet!
Where breathes the foe but falls
before us,
With Freedom's soil beneath our
That's what Andy apparently said.

It sounded like that. But the teacher had neglected to explain the verse to Andy and he was asked to write out the verse. Then it appeared he was actually rendering it thus:

feet,,
And Freedom's banner reaming
o'er us."

"Forever wave that standing cheat,
Where breeze the foe but falls
before us.
With freedoms oil beneath our feet
And freedom's baner screaming
orus."

## ALL LEAVE FOR AUSTIN FOR TREATMENT

Dave Floyd. 219 Smith street, his wife, nine year old daughter, Juanita and nine months old baby were bitten by a mad dog Saturday and Sunday.

Saturday afternoon neighbors complained to Mrs. Floyd that their dog had been killing chickens, and in an attempt to lock up the dog it bit her on the arm. Sunday afternoon while taking the dog out Mr. Floyd and small daughter were also bitten. The dog was carried to the Read and Coles teaming camp where it bit F. T. Homes a teamster, making a total of five persons.

The dogs head was sent to Austin Monday and the news was received here Tuesday afternoon that the dog had rabies. All five persons left for Austin Tuesday night for treatment. Several other dogs in the neighborhood have been bitten and a good many have been killed to prevent further trouble.

## Methodists Meeting To Settle Differences

CHATTANOOGA, Tenn., July 2.—The special general conference of the Methodist Episcopal Church South convened here today to decide the question of unifying with the northern branch.

As delegates gathered for the opening session rumors spread that a federal court injunction would be asked to prevent the meeting. Such a move would indefinitely delay action on the reuniting of the church.

The northern branch already has ratified the merger.

## WHAT ADAIR THINKS OF THE OUTLOOK THIS MORNING

By A. GARLAND ADAIR
(Staff Correspondent Daily News)

MADISON SQUARE GARDEN, New York, July 2.—With votes gradually slipping from McAdoo and the Smith lines remaining intact the deadlock that was expected is a reality as balloting gets under way today.

Davis was stopped in his advance by the voting Tuesday night and is not considered so formidable as the new day beings.

Texans are still confident that McAdoo will win. This, too, seems to be the conviction of faith rather than an expression of hope, and is concurred in by many others.

Today will likely witness the breaking up of the deadlock, leading to a choice, or the battle lines between Smith and McAdoo will be drawn tightly and the farriors will settle down for a fight for the rest of the week.

Smith does not have enough votes to prevent a nomination. McAdoo has.

McAdoo could be nominated without a Smith vote as the matter stands this morning.

Underwood is expected to get a try out soon, followed by other dark horses making trials for strength. The one that wins will have to beat McAdoo, as he is the only candidate in control of the convention. Yet his nomination can't be [illegible].

Ralston, classed with McAdoo as not unfriendly to the Klan, will not likely get any Smith, Cox or Underwood votes.

Delegates here are just as much in the air as are the folks back home.

## JAPAN TRYING TO EXPLAIN FLAG INCIDENT

LONDON, July 2.—The Japanese embassy here today furnished an official version of the incident at Tokio in which the flag over the embassy was lowered and stolen.

An unknown Japanese went to the embassy, which was destroyed in the recent earthuake, although the flag pole remained standing. He lowered the flag and escaped with it, pursued vainly by police.

Authorities are doing their utmost to locate the prepetrator and are conducting a full investigation of the affair.

## Four Mexia People In Automobile Wreck Not Seriously Hurt

CORSICANA, Texas, July 2.—J. L. Thompson, wife and daughter, and Anna Mae Magnes, all of Mexia, suffered minor injuries when an automobile in which they were riding, driven by Mrs. Thompson, turned over three miles south of Corsicana Tuesday afternoon when something went wrong with the steering gear. Their injuries are not considered serious. The party was en route to Corsicana. They were brought to a hospital here by a passing motorist. The car was demolished.

### DON'T BELIEVE HE COUNTED 'EM

SAN ANGELO, Texas, July 2.—Mark McCarley kept count of automobiles that passed a downtown corner during one day of the goat raisers convention here and found that 15,715 cars passed between 9 a. m. and 9 p. m.

### HARD LUCK FOR HIM

FORT WORTH, Texas, July 2.—Yeggs who tried in vain to open a safe in the office of the National Biscuit company here, not only did not obtain any money but instead, one of the burglars in his hasty exit, dropped $31 of his own money which was found by detectives.

### TAKE WARNING

DALLAS, Texas, July 2.—Mayor Blaylock has received a warning from the government that unless the city furnishes a better office as well as a city employe to assist in the work, the local labor agency of the U. S. Employment Bureau service will be discontinued here.

## THIRD DAY OF BALLOTING IS NOW ON

**31st Ballot—**

**34th Ballot—**
Smith 311
McAdoo 445

On this ballot Mississippi cast her 20 votes for McAdoo as did Oklahoma. This was the signal for a demonstration by the McAdoo forces. Indications are that McAdoo is making strenuous efforts to win the nomination as tonight is scheduled to be the last session.

McAdoo moved his headquarters down to the hotel just across the street from the Garden, and is directing the fight almost on the front door steps. It is understood that Mississippi will stand by him for five ballots. After that they will be free to go elsewhere.

Smith forces declare that this return of McAdoo strength is still 34 short of his original strength.

**35th Ballot—**
Smith 323½
McAdoo 439½
Davis 107

**36th Ballot—**
Smith 323

## LADY GETS HALF VOTE; LAUGHS ABOUT IT

By DOROTHY SHUMATE
(United Press Convention Correspondent)

MADISON SQUARE GARDEN, NEW YORK, July 2.—"If I were president I'd do two things—I'd enter the league of nations and I'd lower the tariff to help the farmers."

This is the platform which polled one half vote for the nomination of president of the United States. But it's one half vote more than was ever received by any other woman and Pennsylvania women are proud that was given to Mrs. Carroll Milter of Pittsburgh.

This came as a reward to Mrs. Milter for her efforts to leect Al Smith and while she laughingly said that she wasn't yet making preparation to enter the white house she did get a kick out of her one half vote for Mrs. President. And with her half vote registered Mrs. Milter announced today that she will "sit" till kingdom come voting for Al.

Tammany elected Mrs. Milter to make the woman's speech on behalf of Smith's nomination. It was she who first brought the religious issue into the limelight and urged the women not to be swayed by it.

During the Klan fight on Saturday night it was Mrs. Milter who again mounted the platform to remind the convention that "there was no Jew or Gentile, no black or white, no Catholic or Protestant, when the boys in khaki perished on the battlefields of France," Therefore Mrs. Milter added this country should not tolerate any organization which creates religious or racial barriers between its citizens.

While Mrs. Miller isn't too proud of her recent mention for the presidency, yet—"It's a nice little message to take back home," to the folks who are waiting—in Pittsburgh, she said.

Following her mention for president, Mrs. Miller appeared on the platform, this time to serve as assistant secretary in the reading of the roll call of the states. She's a small, motherly looking woman with a voice with a kick in it. Everybody in the galleries can hear when she makes a speech from the platform.

## OLD TIMERS SAY IS STRONGER NOW THAN EVER

By FRAZER EDWARDS
(United Press Staff Correspondent)

MADISON SQUARE GARDEN, New York, July 2.—No democratic national convention would be complete without numerous delegates of the old school remarking:

"Well, we may have to turn to Bryan again after all."

And this being a typical democratic convention, Bryan talk is to be heard in spots. Meantime both W. J. Bryan and his brother, Goernor Charles, of Nebraska are actively working on the floor, and some of the commoner's old friends are saying that the situation in the country is more favorable for the election of Brayn than at anytime since 1896.

At that time Bryan was 36 years old. Now he is 64. The Bryan of today is a little thinner, a little more bald and a little grayer than the last time he headed the democratic ticket in 1908, but he is still robust and still full of fight.

Bryan denies that he is a candidate, but there are a number of his old wheel horses who still believe he is the best choice the party could make regardless of who may be nominated.

In his work on the convention floor, Bryan has been especially opposed to the nomination of John W. Davis. He has held up Senator La Follette as an independent candidate as more of a menace to the democratic party than the republican. As always Bryan is turning his face to the progressive west for democratic success in November.

If John W. Davis fails to muster the votes to nominate it is generally conceded that Bryan will be the most potent factor in his defeat. He concedes Mr. Davis the right as a lawyer to take big business clients but he does not believe that a man representing such clients should become president.

"The presidency," he said, "is the highest office with in the gift of the people and ought to go as a reward to one who by his words and deeds has shown himself to be not only with the people in his opinions but willing to champion their cause."

## Obregon Tells Why Of The Suspension

NEW YORK, July 2.—Citing seventeen reasons in explanation for the default, President Obregon of Mexico has announced the temporary suspension of Mexico's debt agreement with the international committee of bankers in a cable to his financial agent here.

Placing most of the blame on his former finance minister, Adeolf De La Huerta, for misrepresentation in arranging the loan, Obregon goes into lengthy detail for the government's reason in failing to pay on June 30 the interest due on its recognized debt of $700,000,000.

The decree said a great number of both cicivl and government officials and employes had not been paid for several months in an effort to make good the interest due, but gave assurance the government expected to be able to pay up all the accumulative interest due the bankers by the end of this year.

# Harding Tribute On Oregon Trail

(By International News Service)

WALLA, WALLA, Wash., July 1.—Plans for the erection of what will probably prove one of the most imposing memorials to be dedicated to the memory of the late President Warren G. Harding have taken a big stride forward with the announcement that a meeting will be held in Milton, Ore., on or about August 1 to carry the work forward and provide a financing plan.

The plan calls for the erection on the top of the Blue Mountains, near Meachem, Oregon, of a vista house to be surrounded by a park, which will provide a resting place for tourists along the Oregon Trail, as well as a sort of shrine for patriotic Americans. It is proposed that at least a section of land be secured, a portion of which shall be timbered. A golf course is part of the undertaking, with the tourist part of the park fully equipped with every convenience.

The Oregon Trail is one of the scenic trails of the West. Its course through the Blue Mountains is especially attractive, and the erection of such a memorial and the creation of the park would undoubtedly draw many thousands of tourists annually. Such a park could be made headquarters for a stay of a week or more, with side trips to many spots of unusual beauty.

President Harding delivered one of the most inspiring addresses of his ill-fated trip at Meachem. At the time of his visit he was strongly impressed with the beauties of the mountains in that vicinity and expressed a wish that they could be viewed by every lover of nature in America.

The movement for the erection of the memorial is headed by A. F. Alexander, of Walla Walla, a staunch Democrat, of Southern extraction, who is known throughout the Northwest as the Father of the Old Oregon Trail. Among its supporters are men and women of every political faith. It is strictly a non-partisan movement—a desire on the part of patriotic Americans of the Northwest to pay honor to a great American.

Governor Walter M. Pierce, of Oregon, and Governor Louis F. Hardt, of Washington, have approved the project, as have Representatives in Congress from the two States who have been approached. The newspapers in Southeastern Washington and Eastern Oregon have endorsed the scheme, and all that defers its consummation is the perfection of a permanent organization and securing of funds to carry it forward.

Jefferson Myers, State Treasurer of Oregon, has offered a financing plan that is meeting general approval. He proposes that Congress be requested to issue gold dollars in sufficient amount that, when sold, will provide the funds for the erection of the memorial and its perpetual maintenance. Myers suggests that these gold dollars can be disposed of at a premium sufficiently great to finance the scheme. It is proposed that these gold dollars bear the portrait of President Harding on the obverse side and on the reverse side the official insignia of the Oregon Trail. If necessary, Mr. Myers proposes that a souvenir half-dollar be minted and disposed of in the same manner.

## POPULAR DELUSIONS

By OTTO C. RADDLE

I met the other day a man squinting through horizontal slits of half closed lids. He must have been frightfully astigmatic. I said: "Man get some glasses." "Why" he said, "I can get along without glasses. I do not need them." One of these [illegible] creatures he was, who would not let a little thing like [illegible] of normal vision dominate him. No, sir, he was not going to let any part of his body dominate him; he was going to dominate his body.

"Well," I said. "You may get along; so does a blind man. A blind man does not stay in bed all day. Notwithstanding his affliction, he does the best he can and travels around and gets along. And a half blind man also gets along, much better in fact, than a totally blind one, but not nearly as well and efficiently as a man with normal vision." I told him to quit trying to kid himself, and stop abusing his eyes, but I still see him squinting along the street.

Another man told me the same thing about getting along without glasses. It was rather chilly that day and he was wearing an overcoat. I told him that I could get along without an overcoat, too, without freezing to death. True, he would not feel so comfortable on a cold day without an overcoat, but he could get along just as well as he could get along without wearing glasses. Funny thing, is it not, how they always have an excuse to let their eyes be the goat. They can not give the old excuse about glasses detracting from their appearance because the styles in glasses today preclude any such excuse. But still they continue to abuse their eyes and avoid making them comfortable.

# HOME DRESSMAKING

By JEANNE ROLAND

(Copyright 1924 by Pen-Art Service, Inc.)

**Sports Suit of White Flannel**

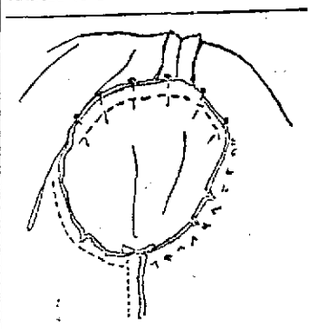
**Typically French in Its Chic**

Paris does some of her loveliest things for the benefit of the sportswoman, featuring unusual—sometimes startling—combinations of black and white.

Either flannel or jersey may be used for this suit, which has a hip-length blouse with a cape-collar and a gathered skirt which may or may not be attached to an underbody. The blouse and skirt are both trimmed with bands of black and white braid, while the collar is held in place with a bow of ribbon and fancy metal buttons.

The diagram shows the proper way to set in the sleeve, which may be either long or short. Nearly all street modes, especially those serving the dual purpose of sports and general wear, feature long sleeves. First stitch the shoulder seams and press them open carefully. The edges may be bound in any way preferred. It is also well to finish the underarm seams, too. The top of the sleeves must be even with the shoulder seam, while the seam of the sleeve is matched with the underarm seam of the waist.

See that the notches are evenly matched, then if there is too much fulness to be eased in without gathering, take a line of gathers into the sleeve and in this way gradually distribute the fulness as evenly as possible. Hold the sleeve toward you when sewing it into the armhole. Tailors tacks may also be used to indicate the seam line and the edges of the armhole and the sleeve should be pinned together while the seam is being bound.



Setting in the Sewed-in Sleeve.

Carried out in plain linen trimmed with check chambray, linen or other wash material, this dress would make a snappy addition to the vacation wardrobe.

They are enrolled in the demonstration classes being taught by experts for observation by prospective teachers. # Cell Urged As Penalty For Divorce Blame

**Send Guilty One to Prison For Five Years, Advises Syracuse Pastor.**

By CHESTER B. BAHN
International News Service Staff Corespondent.

SYRACUSE, N. Y., July 2.—A five-year term in State prison for the guilty person in every divorce suit.

That's the sure cure for divorce advocated by the Rev. James B. Knappenberger, pastor Wesleyan Methodist Church.

Dr. Knappenberger is not opposed to divorce itself.

The decree should be granted where there is cause, he holds, with the guilty one going to prison and the innocent one set free.

"A law without an accompanying penalty is nothing more than advice," said Dr. Knappenberger today. "That is what our present divorce law is—advice to two people who are at odds with each other. What's the result? The guilty party pays a few dollars in alimony and looks about for another partner.

**Once Death Penalty.**

"In ancient times the one who failed to keep his or her marriage vows was put to death. I am hardly in favor of such a punishment in this age, but a five-year stay in jail is none too harsh; not a bit. That would check the disgraceful increase in American divorces."

Dr. Knappenberger's stand on divorce results from the fact that divorces are on the increase in Onondaga County, according to figures made by Mrs. Emma K. Callanen, statistician in the County Clerk's office.

Mrs. Callanen's figures show that more divorces are granted in this county than separations or annulments. This is contrary to beliefs of the average person who thinks that the latter decrees are much more numerous than absolute separation of husband and wife.

**Woman Disagrees.**

Mrs. Lieber Whittic, widely-known clubwoman and leader of the National Women's Party in Onondaga County, opposes the Knappeneberger plan.

"If you can't have a happy home, wreck it at once before any children are born," said Mrs. Whittic today. "The increase in divorce is nothing to be alarmed about. It is simply natural and lawfully regulated rearrangement of men and women who have been mismated.

"Why force a man and woman to live together in unhappiness and perhaps even hatred? To do so is inhuman and criminal. Offspring from such a union will never develop into superior types. They are bound to be subnormal and unfit to take their place in life."

Mrs. Whittic looks upon modern marriage laws as subjective bonds for the fair sex. Present marital codes have descended from Saint Paul, she says, who compiled them for the church, which in turn bequeathed them to Europe, England and, finally, America.

In Mrs. Whittic's opinion Saint Paul placed rather a restraining hand upon women who meekly submitted to his regulations all down through the ages.

## SUNDAY FUNERALS TO BE BANNED IN ELYRIA, OHIO

(By International News Service)

ELYRIA, Ohio, July 2.—Sunday funerals in Elyria have been placed under a ban by the city service director at the request of caretakers of local cemeteries who pleaded "after working all week we are entitled to a day off."

The clergy here also is said to have spoken favorably of the "funeral-less Sunday" plan "because Sunday is an especially busy day for the calling."

Exceptions to the edict are made only in the case of death resulting from a contagious disease.

There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas a State ad valorem tax on property of seven ($.7) cents on the one hundred ($100) dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations, and for the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or milita; providing that the Legislature may reduce the tax rate herein levied, and provided further that the provisions of this Section shall not be construed so as to prevent the grant of aid in cases of public calamity.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at an election to be held on the first Tuesday after the first Monday in November, 1924, at which all voters shall have printed or written on their ballots: "For amendment of Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers, sailors and their widows who have been a resident of this State since January 1, 1910." and "Against amendment to Section 51 of Article 3, of the Constitution, authorizing the Legislature to grant aid to Confederate soldiers and their widows."

**THERE'S ART IN BOBBING**

It's no longer a question of snip, snip and it's off.

Particular women now demand that the hair which remains form a becoming frame for the face and gracefully outlined head.

That's where "art" comes in, for there are as many styles of bobs as there are bobbed haired girls and women. Each one is an individual problem of chin, eyes, nose and mouth.

Then there's the fashionable element — the smart touch which has always associated Paris with women's coiffures——

And the necessity of keeping the hair glossy, fluffy and clean.

All that fastidious women desire will be accomplished by a weekly visit and a small sum well spent at

## "For Mexia, I WILL"

Ascribe ye greatness unto our God. He is the Rock, his work is perfect: for all his ways are judgment: a God of truth and without iniquity, just and right is he.—Deuteronomy 32: 3-4.

A bill to make mandatory the establishment of kindergartens as a part of the public-school system in all districts of the first class in Oregon is to be placed before the Legislature at its next session by the state Parent-Teacher Association. A similar law now exists w hich is applicable to Multnomah county alone.

Hibbing, Minn., a village in the iron ore district of Minnesota, which 30 years ago had but a single teacher, has just put into use a $4,000,000 high school adequate for 3000 high school and junior college students. Though the village has a population of only 16,000 and the school district 22,000, its eagerness for education is typified in one of the finest school buildings in the United States.

The Railroad Commission of Texas has very vital regulatory power affecting property in our State valued at nearly a billion and a half dollars, including the railroads, express companies, pipe lines and oil and gas properties. The duties of the Commission are today more varied and of more importance than ever before in its history. Clarence E. Gilmore, chairman and senior member of the Commission and who is a candidate for a second term, has given intensive study to all these problems. He has devoted every moment of his time to the discharge of his official duties with fairness and impartiality to all. He has neither played politics nor sought to use his position for political purposes. A man with this vision of the public service should be retained at this important post by an appreciative public on July 26th.

### DAWES "HELL AN' MARIA" REALLY IS "HELEN-MARIA"

**Supposedly "Bad Words" Really Derived From Contraction of Two Sisters' Names**

(By International News Service)

NEW YORK, July 1.—"Hell an' Maria," heralded by the press as the picturesque invention of Charles E. Dawes, Republican candidate for the Vice-Presidency, turns out not to be a cuss word after all.

It is nothing more devilish, it is learned, than an innocent, abbreviated contraction of the names of two charming sisters, the former Misses Helen and Maria Buell, who were campus belles back in Marietta College, Ohio, when the General was a freshman there. All the students swore by them—without being profane.

"So at last the truth about Charlie Dawes' famous phrase has come out," said the former Miss Maria Buell, now Mrs. Donald P. Hart, of New York.

"The phrase isn't 'cussing,' and never was. It is nothing more than a lucky slogan, like some of our slang phrases of today, and is not intended to be profane. General Dawes fell into the habit of using it back in the days when he was a freshman at Marietta College. I have heard him use it thousands of times while he was a student, and he was not the only one.

"You see," Mrs. Hart continued, "Helen, now Mrs. Karl Anderson, of Westport, and I lived on the campus at Marietta, and — say this with all modesty—we were quite popular with the college boys at the time. We knew all of the Dawes boys well—had been playmates with them from childhood. The phrase 'Hell an' Maria' was undoubtedly derived from a combination of our names, Mrs. Anderson furnished the 'Hell' part of it and I the Maria.

"After his testimony before the investigating commission in Washington, Charlie Dawes visited us here and explained why he used some strong language on that occasion. He said that he merely wanted to wake the country up to the seriousness of the situation and the folly of the proceedings. He thought the best way to do that was the picturesque manner which he adopted."

Mrs. Anderson, "the hell part of it" in her sister's words, who was with Mrs. Hart during the interview, smilingly endorsed everything her sister said. A third sister, Mrs. Creelman, widow of the author and war correspondent, James Creelman, also seemed to relish the "Hell an' Maria" joke.

### LLOYD GEORGE FORSEES BIG SPIRITUAL REVIVAL

(By International News Service)

LONDON, July 2.—David Lloyd George believes that the world is on the eve of a great spiritual revival.

The ex-Premier gave this opinion when addressing a meeting of young Wesleyan ministers at Calver, in Derbyshire.

"I have been in the conflict of politics all my life," said Lloyd George. "I have been in war conflicts. I have led the life of a combatant.

"Yours is the work of the teacher and the healer, and you are beginning your career at a time when the world needs healing, when it is more perplexed than ever. Your task of leading the bruised world on the right road comes after the idealism of the war has passed—for there was an idealism of the war.

"There has been a materialistic hardening, but that will pass away."

## SPORT LIGHTS

By LES CONKLIN
International News Service Staff Correspondent.

Political parties have finished framing platforms, but sporting public was sadly neglected. For instance, no provision was made for repeal of amusement taxes on hot dogs and ice cream cones sold at baseball parks and fight arenas.

Baseball and boxing fans will rise on hind feet and demand insertion of planks providing for double-headers on Sundays or holidays, rain checks for eightinings and tie games, and expulsion of ladies wearing hatpins from prize fights.

Demands for boxing reform will embrace rules prohibiting smoking of nickel stogies in crowded ampitheatres, installation of private cuspidores for cut plug devotees and capital punishment for gents who block view of ring by wearing high hats.

Foreign boxers imported here for purpose of profit at expense of gullible public will be required to show good cause why they should not be put to work digging ditches. Public is weary of distinguished Europeans who come here with nothing but a pair of dilapidated boxing gloves and fabricated reputation.

Another plank would compel champions to keep in fighting trim between bouts. Rules would prescribe daily sparring for all fighters except those who are married.

Needed baseball reforms include awnings and sofa pillows for bleacherites, score cards that can be used for a whole series, and pop bottles equipped with shock absorbers.

Prominent pl[illegible]k in platform would urge creation o[illegible] slush fund, to buy roller skates for Uncle Wilbert Robinson, suits of armor for umpires officiating in St. Louis, and nine new ball players for Connie Mack.

Mrs. Dick Wagner Motored to Corsicana Thursday to visit her mother.

MATCHING THE SCOREBOARD

Yesterday's hero—Friberg whose home run in the fourth with two men on enabled the Cubs to beat the Reds 4 to 3.

The Yankees had an easy time with the Athletics. The final score was 7 to 0.

Cleveland climbed into fourth place by taking a doubleheader from the Browns 6-4, 8-2.

Five runs in the first inning proved too big a handicap for the Braves and the Phillies won 9 to 6.

The Senators took both ends of a doubleheader from the Boston Red Sox 2 to 1 and 5 to 0.

With Rogers Hornsby making his ninth home run the Cards made it two straight over the Pittsburgh Pirates winning easily 5 to 2.

The Detroit Tigers went on a batting rampage and pounded out a 13 to 3 victory over the Chicago White Sox.

The New York Giants blanked the Robins 6 to 0 with Jack Bentley, Giant hurler, allowing only five hits.

**With Ruth at Bat.**

First time up—Singled to right.
Second time up—Grounded out.
Third time up—Singled to left.
Fourth time up—Flied to center.
Fifth time up—Hit his 20th homer into leftfield bleachers.

FIGHTS AND FIGHTERS

NEW YORK.—Sid Terris won a fast 10 round bout from Paul Fritsch, the French lightweight at Henderson Bowl in Brooklyn.

CHICAGO.—E. W. Dickerson who refereed the Carpentier-Gibbons fight, will referee the Stribling-Greb 10 round fight at Michigan City July 4.

Miss Clara Becker, the charming daughter of Mr. and Mrs. W. E. Becker of Houston is visiting friends in this city. Miss Becker who once lived in this city always brings a ray of sunshine with the lovely and elegant disposition she posseses.

Mrs. E. P. Moore and Cecil Crow of Waco are spending this week-end with Mr. and Mrs. E. L. Crow.

"Shall the charter reported by the Charter Commission to the City Commission of the City of Mexia, Texas, on the 27th day of May, 1924, and which had been prepared by the Charter Commission duly elected by the qualified voters of the city of the 18th day of March, 1924, be adopted as the charter of the City of Mexia, Texas, as contemplated and authorized by the Constitution and laws of the State of Texas, including Chapter 147, Acts of 1913, Regular Session?"

Section 2. That the polling places and presiding officers of said election shall be, respectively as follows: the polling place shall be at the City Hall, in the City of Mexia, and W. B. Kendrick is hereby designated as presiding officer.

Section 3. That said election shall be held under the provisions of Chapter 147, Acts of 1913, Regular Session, and all persons qualified to vote in said City under the laws of this State regulating general elections shall be allowed to vote.

Section 4. That the manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the law hereinabove referred to.

Section 5. All voters desiring to adopt a charter so prepared and reported by the Charter Commission shall have printed on their ballot the following:

OFFICIAL BALLOT

"For the adoption of the Charter prepared by the Charter Commission duly elected on the 18th day of March, 1924, and which was reported by said Charter Commission to the City Commission of the City of Mexia on the 27th day of May, 1924."

And those opposed shall have on their ballots the following:

"Against the adoption of the Charter prepared by the Charter Commission duly elected on the 18th day of March, 1924, and which was reported by said Charter Commission to the City Commission of the City of Mexia on the 27th day of May, 1924."

### RADIO CRAMPS GESTURES

(By International News Service)

NEW YORK, July 2.—Keynoters and nominators used to add cubits to the stature of their work by waving arms and pacing up and down the platforms. The radio has ended this forever. Not only are they walking and the waving without effect upon the bigger audience outside the convention hall, but they definitely interfere with the impression.

No sooner does a speaker start to walk dramatically across the rostrum than a representative of a radio station taps him on the shoulder and brings him back to the front of the receiving machine.

# A CHILI STAND MIGHT DO A GOOD BIZ

MADISON SQUARE GARDEN, NEW YORK, July 2.—If the deadlock isn't broken today, there's going to be a bread line around the Garden soon.

Delegates who came here ten days ago to dine in state are now taking their meals in one arm establishments, the restaurant next door. Their money is low and many are returning home.

Even political moguls who dictate minds of the delegates have no control over their stomachs and regard this new trend as more important than any other in the big decision as to who is to be the next democratic presidential nominee.

The exodus of votes was started last night when nearly fifty are reported to have departed to their homes with their pockets empty after a sally into the absorbing gaiety of New York.

The movement has reached such seriousness the higher class of hotels are being vacated. Some of the delegates are moving to cheaper places, but others have nothing left but car fare home.

This is especially true of the western delegates who have been considered strong McAdoo voters. His managers already have taken cognizance of the tend by issuance of a statement denying that the movement would result disastrously for the leading candidate. Most of the Smith votes come from nearby states.

## Charge French Champ Having "Cold Feet"

By HENRY L. FARRELL
(United Press Staff Correspondent)

WIMBLEDON, England, July 2.—Once more that stormy petrel of the courts, the peerless woman champion of France, has created international consternation and indignation by retiring in the face of probable defeat.

British and American tennis fans writhed with impotent anger today over the action of Suzanne Lenglen in abandoning the all-comers championships at Wimbledon.

Suzanne's family announced this morning that her doctor had ordered her to bed for a couple of weeks. But British and Americans are outspoken in declaring the French girl had "cold feet." They are arguing among themselves as to whether it was Miss Helen Wills or Miss McKane that was feared so much by Lenglen.

Miss McKane, who was to have played the French champion in the semi-finals, advanced to the final brackets by default and will meet the winner of the matches between Miss Wills and Miss Satterwhite scheduled for today.

## PATRIOTISM YELLING AS SOLDIERS GO BY— A BOY'S DEFINITION

Are we teaching our children to be patriotic?

The question isasekd in an article in the July issue of McClure's Magazine, which effectively proves that children sing patriotic songs and repeat patriotic phrases utterly without knowing what they are saying:

Witness, the article says, the definitions of patriotism, asked of a class of 10-year-old boys and girls in a public school.

"Putting flags on your house when somebody dies," said one.

Andy, a typical American boy, gets up to recite a verse from Drake's address to the American Flag. Apparently he recited as follows:

"Forever float that standard sheet!
Where breathes the foe but falls
before us,
With Freedom's soil beneath our
That's what Andy apparently said.

It sounded like that. But the teacher had neglected to explain the verse to Andy and he was asked to write out the verse. Then it appeared he was actually rendering it thus:

feet,,
And Freedom's banner , reaming
o'er us."

"Forever wave that standing cheat,
Where breeze the foe but falls
before us.
With freedoms oil beneath our feet
And freedom's baner screaming
orus."
